## Player information sheet U19s Player Development

Trial Applications now Open

Our U19 Player Development programme will run parallel with our U21 and U19 programmes between October and July.

This will provide an opportunity for players who may not have made the U19/U17 squads to be supported for another year or for talented athletes that want to train and play at a higher level.

Athletes will be included in our Inter Academy match play days and competition against other franchises. Our U19 Development Squad will train once a week.
